General Conditions

I. The interested agencies are requested to submit following documents, certificates in Envelope No.1 marked as **Technical bid**.

1. Earnest Money in the form of demand draft of a nationalized bank drawn in favour of "OERC FUND" for an amount of Rs. 40,000/- (Rupees forty thousand only).
2. Certified copy of the certificate confirming the tenderer as original equipment manufacturer (OEM) / sole authorised distributor.
3. Proof/ certified copy of the certificate in support of sufficient experience (at least 5 nos.) of similar V3F lift installation at important places in last 5 years at Bhubaneswar.
4. Certificate issued by the original manufacturer to authorise the tenderer to execute the proposed work and to confirm his/their competency to execute the proposed Lift installation.
5. Letter from original manufacturer to support the contractor during defect liability period of 2 years as well as AMC period and accepting the responsibilities to depute their Engineers to rectify the lift at site in the event of any odd situation arising during the maintenance of proposed lift installation in future. An undertaking for warranty for two years should be furnished.
6. An undertaking of having more than 5 years old service center at Bhubaneswar and confirming to undertake the maintenance of proposed lift under comprehensive Annual Maintenance contract (for at least 3 years) if required by the OERC, Bhubaneswar after expiry of contract.
7. Undertaking regarding availability of spares for the full life terms of the lift.
8. Information/documents regarding lift proposed vis- a- vis specifications.
9. The tenderer must provide the following information regarding their service set up at Bhubaneswar along with tender-
 - a. The date of start of service set up at Bhubaneswar.
 - b. Name and designation of full time Employees stationed at Bhubaneswar.

- c. Service Infrastructure for providing prompt & uninterrupted service at Bhubaneswar.
 - d. Average response time for attending complaints on working days and holidays.
10. If the contractor fails to complete the work within the completion period, the purchaser shall recover from the contractor a liquidated damage. For any lack in performance of the contractor in maintenance a penalty amount will be levied.

These details should be satisfactory so that the financial offers can be considered.

II. The tenderer shall enclose the following documents in second envelope marked as “Financial Bid”.

- a. Tender Papers issued by OERC, Bhubaneswar duly signed on each page.
- b. Proposed rates on Bill of Quantity and forwarding letter as per format I.
- c. Proposal of rates for optional features, if any on separate sheets.

The following conditions along with the conditions mentioned in the tender notice would be the part of contract.

- 1. Rates quoted by the tenderer should be inclusive of all taxes including Service tax and duties etc.
- 2. The applicable tax, viz., Income Tax and Trade Tax/ WCT, etc., if any, as per rules, shall be deducted from the bill due for payment.
- 3. It is presumed that the tenderer, before participating in the tender, has visited the site and is fully aware of the site conditions.
- 4. The work shall be executed as per B.I.S. Specifications wherever applicable and as per the direction issued by OERC.

5. As the proposed work is to be carried out in the building already occupied, all safety precautions such as putting barricades displaying sufficient notice boards “Work in Progress, Keep Away” etc. shall be taken by the contractor.
6. The contractor shall be responsible for any kind of accident, if any, during the execution of work and necessary action such as Insurance etc. shall be taken by the contractor at their own cost.
7. The contract shall remain effective even after the variation in specifications/ features of work, quantity and rates and it will be binding on contractor to complete the work in full as directed by OERC.
8. The discrepancies in the tender shall be binding on contractor. Any extra item other than what indicated in Tender shall be executed by the contractor. The rate of extra item will be finalised based on rate analysis on the basis of PWD terms, prevailing market rates etc.
9. The OERC will not provide any living accommodation during the execution work. The contractor shall manage the same at his own cost & will.
10. The contractor shall be responsible for adequate storage, safety and security to prevent any damages, theft or pilferage of material during execution till the Lift is finally taken over by the department.
11. All arrangements required for installation of Lift such as steel ladder in pit, chain pulley block, pulling and lifting machine, sill angle and scaffolding of ballies are to be provided by the contractor.
12. Minor building/masonry work and barricading required during installation of lift at all floors are to be carried out by the contractor at his own cost.
13. The contractor shall also carry out the following works in his scope of work-
 - a. Scaffolding and minor builder’s work of cutting holes/ pockets and fixing of brackets.
 - b. Painting of Hoist way and machine room as per PWD detailed specifications.
 - c. Cleaning of pit and repairs to the pit floor and anti-termite treatment as per BIS code.
 - d. Minor repairs in the front walls and in Machine room to accommodate the machine equipment.

- e. Obtaining permission of lift inspector, (lift license), fire department including liaisoning with them. OERC will assist only for statutory payments on actuals and issue necessary permissions /letters in the matter.
- 14. The lift installation will have to be open for inspection to OERC officers, lift inspector and other concerned Government official like Central Vigilance Commission, New Delhi whose orders/ recommendations regarding penalty/ deductions on payments shall be binding on the contractor.
- 15. After completion of the installation, free comprehensive maintenance service for **two years** is to be provided by the contractor from the date of taking over of lift by the OERC. The maintenance is to be provided round the clock, as and when, required and there will be no restriction of working hours and working days. This service include regular examination by trained employees and all necessary adjustment, oiling and greasing and replacement of genuine spare parts, if required to keep the equipment in proper operation during the defect liability period of two years. The contractor shall submit O.K. Certificate of the lift installation every month. An amount equivalent to 10% of contract value shall be retained by the OERC as security deposit towards performance during this period. This amount can be released against Bank guarantee of a nationalised bank in the format approved by OERC at its discretion. No interest will be payable on this amount or towards expenses for taking the bank guarantee.
- 16. After completion of installation, maintenance manual and working drawings, circuit diagram and other necessary literature in triplicate shall have to be supplied, free of cost, by the contractor.
- 17. All the expenditure incurred towards required testing and quality control shall be borne by the contractor.
- 18. The contractor shall provide adequate training regarding normal & rescue operation and maintenance of proposed lift installation to Caretakers/ residents & guards at his own cost.
- 19. The tenderer must indicate their rates for the optional features, if any separately.
- III. On opening of envelope of Technical Bid (Envelope I), if the documents along with earnest money are not found in order or satisfactory documents**

are not produced in reasonable time as demanded by OERC , second envelope (Financial Bid) of such agencies will not be opened.

IV. **Conditional tender are liable to be rejected.**

V. **OERC reserves the right to reject any or all tenders without assigning any reasons.**

VI. **Work completion period** : The contractor is required to execute and complete the entire work in 2 (two months) from the date of issue of work order. Work shall be treated as complete after installation commissioning and testing of lift and obtaining lift license from lift inspector. In case of delay, liquidated damages shall be levied @ 1% of contract value per week of delay or part thereof subject of maximum of 10% of contract value. OERC reserves the right to terminate the contract thereafter without reimbursing for losses, work executed, etc., OERC shall be sole authority for taking decision in the matter which will be binding on the contractor.

VII. **Mode of Payment:**

1) Main Contract

The final bill will be paid only after completion of work satisfactorily to the OERC. However, Interim Bills would be payable to contractor after delivery of lift machines & other required material at site of maximum up to 60% of the contract value against submission of Bank guarantee as per OERC format of bill value. The payment will be released at the discretion of OERC after due assessment and recovery of 10% of bill value towards security deposit, applicable Income Tax, WCT etc. **Security deposit would be retained towards performance during defect liability period of 2 years and AMC period of 3 years.** The same can be released at the discretion of OERC against Bank guarantee of a nationalised Bank in the format approved by OERC. The security deposit shall be forfeited in case the contractor fails to perform any of his obligations during the contract period.

2) AMC Period

Payment would be released after completion of every six months and satisfactory performance. Contractor is required to enter into suitable contract for AMC

period. No additional payments would be released due to variation in labour, material charges, taxes, etc. during AMC period, the contractor shall suitably renew the B.G. submitted for defect liability period towards performance.

VIII. Arbitration:

Disputes, if any, shall be dealt as per Arbitration & Conciliation Act, 1996 and only courts in Bhubaneswar shall have jurisdiction for the same.
