**NOTIFICATION**

**BULK SUPPLY PRICE EFFECTIVE FROM 1<sup>st</sup> APRIL, 2022**

In exercise of powers conferred under Section 86 (1) (b) and other related provisions of the Electricity Act, 2003, the Odisha Electricity Regulatory Commission has passed an order on 24.03.2022 in Case No.107 of 2021 with regard to Aggregate Revenue Requirement and determination of Bulk Supply Price of GRIDCO Ltd. effective from 01.04.2022 for purchase of power by TPCODL, TPNODL, TPWODL and TPSODL strictly for use by the State consumers.

The GRIDCO Ltd. hereby notifies the schedule of Bulk Supply Price as given below:

**Bulk Supply Price**

The Bulk Supply Price, as under, shall be applicable for sale of power by GRIDCO Ltd. to the Distribution Utilities (TPCODL, TPNODL, TPWODL and TPSODL) which is strictly meant for supply of power by the Utilities to the State consumers and not for resale to any other utility / trader under Open Access. The total charges payable by a Distribution Utility shall be calculated by summation of the following charges mentioned in Para (A) to (F) below and applicable for supply of power with effect from 01.04.2022 until further order.

(A) **Energy Charges:** The charges on the scheduled energy supplied by GRIDCO Ltd. to the Distribution Utilities shall be as follows:

<b>TPCODL</b>	-	<b>300.00</b>	<b>paise per kWh</b>
<b>TPNODL</b>	-	<b>321.00</b>	<b>paise per kWh</b>
<b>TPWODL</b>	-	<b>360.00</b>	<b>paise per kWh</b>
<b>TPSODL</b>	-	<b>227.00</b>	<b>paise per kWh</b>

(B) **Adjustment for Overdrawal / Underdrawal of Energy:** Any over or under drawal of energy by the Distribution Utilities will be billed by GRIDCO Ltd. and paid by the Distribution Utilities at the above Bulk Supply Price till Intra-State DSM Regulations comes into force in the State. Thereafter, overdrawal/underdrawal of energy by the Distribution Utilities shall be regulated under the provisions of Intra-State DSM Regulations.

(C) **Demand Charges:** There shall not be any levy of separate maximum demand charges upto the permitted SMD in a month for the distribution utilities for the FY 2022-23. Permitted SMD would mean monthly SMD recorded upto maximum of 10% over the

approved SMD in the current tariff order to take care of monthly variations. Any excess drawl over the permitted SMD will have to be paid by the Distribution Utilities @ Rs.250 per KVA per month. This is again subject to the condition that the annual average SMD shall be limited to the SMD approved in the order. This is necessary to maintain the load planning and system stability. In case the annual average SMD is more than the approved SMD, then overdrawal quantum shall attract the penalty @ Rs.250 per KVA per month, notwithstanding the fact that a utility might have paid the SMD charges for exceeding the permitted SMD in any month.

- (D) **Rebate:** For payment of BSP bills by the Distribution Utilities through Letter of Credit / RTGS / NEFT or by cash within a period of two (2) working days (excluding holidays under the N.I. Act., 1881), a rebate of 2% shall be allowed on current dues. If the payments are made after two working days, but within a period of fifteen (15) days of presentation of bills, a rebate of 1.5% shall be allowed. If the payments are made after 15 days but within a period of thirty (30) days of presentation of bills, a rebate of 1% shall be allowed.
- (E) **Late Payment Surcharge:** In case payment of bills by the distribution utilities is delayed beyond a period of thirty days from the date of presentation of bill, a late payment surcharge at the rate of 1.25% per month shall be levied by GRIDCO Ltd. on the unpaid amount.
- (F) **Duty and Taxes:** The statutory levy/duty/tax/cess/toll etc. imposed under any law from time to time shall be charged over and above the Bulk Supply Price fixed by the Commission.

The detailed order of the Commission shall be available in the Commission's website [www.orierc.org](http://www.orierc.org) as well as in the website of GRIDCO Ltd. [www.gridco.co.in](http://www.gridco.co.in)
