The total charges payable by a DISTCO shall be calculated by summation of following charges mentioned in Para (A) to (F) below as applicable for supply of power on and after 01.04.2008 until further order.

(A) **Energy charges:** The monthly energy charges on the energy supplied by GRIDCO to Distribution companies/utilities shall be as follows: -

(B) **Charges for Overdrawl of Energy:** Any excess drawl of energy by a Distribution and Retail Supply Licensee would be payable at the actual cost of power purchase plus transmission charges and transmission loss subject to necessary changes due to implementation of intra-state ABT.

(C) **Charges for Overdrawl of demand:** There shall not be any levy of separate maximum demand charges upto the permitted SMD for the distribution companies for the FY 2008-09. Permitted SMD would mean monthly SMD recorded upto maximum of 10% over the approved SMD in the current tariff order to take care of monthly variations. - (D) **Rebate:** For payment of bills through a letter of credit on presentation/upfront by cash within two working days, a rebate of 2% shall be allowed. If the payments are made by a mode other than through a letter of credit but within a period of one month of presentation of bills, by the Distribution Licensees, a rebate of 1% shall be allowed.
- (E) **Late Payment Surcharge:** In case payment of bills by the licensees is delayed beyond a period of 1 month from the date of billing, a late payment surcharge at the rate of 1.25% per month shall be levied by GRIDCO.
